Video Package:

All video packages include one original DVD plus minimum 2 copies. All DVDs come in a DVD case with a customized label. The original DVD has up to 90 minutes of video recording. If, at your request, the total video recording is over 90 minutes, a \$150 charge will be applied to the package price. At no additional cost you will receive the original video tape recorded at your event. Adrian Photography keeps a copy of the original DVD.

Some churches have special rules and regulations for the wedding videographer. If camera light is not used during the ceremony, it is important to understand that these images are sometimes darker than images obtained with auxiliary lighting. In the absence of any such rules, photographer will use his professional expertise and creativity to obtain the very best images possible, without disturbing the sacred and holy wedding ceremony.

Your videographer will work very hard for you the entire time that he is there. If a meal is to be provided at the reception, the bride and groom agree to provide one for the photographer. The videographer will not allow this meal to interfere with his work.

Payment:

We accept personal checks, money order, cashier checks or cash. We do not accept credit or debit cards. For any returned check there will be a \$30 fee added to your total amount due.

If your wedding day is scheduled on a holiday (Easter, Independence Day, Thanksgiving Day, Christmas, New Year), an additional \$100 is added to the package price.

Shipping Services:

The entire package is available to pick up from 2-4 weeks after the wedding date. We can also mail you the package if you are unable to come and pick it up, but we need to mail it through a certified service and the client supports the shipping cost. We can not mail the package until we receive the full payment for the shipping.
